COUNCILORS' REPORTS

Councilor Harper reported that during the pre-council work session the council decided by a majority vote that the City would decline an offer from CVS Corporation to sell City Hall to CVS. She said CVS had offered to purchase City Hall for \$1,850,000. She said this offer would have exceeded the current tax value by about \$677,000 and would have exceeded a broker price opinion by about \$800,000. She said she was opposed to declining the offer and thought that a move for City Hall would have been a positive opportunity.

Councilor Currington reported that the mayor and council members have received proposals from engineering firms for conducting a study to determine the feasibility of developing a 500-acre piece of property that is adjacent to I-65. He said he is hopeful that such a study will confirm that such a project would be viable.

DEPARTMENT HEADS' REPORTS

Library director Connie Smith - No report.

Police Chief Mike Walker - No report.

Parks & Recreation superintendent Stan Hogeland reported the following: (a) The Park & Rec department is about to finish a project in which they are installing playground equipment at Gardendale High School for the school's childcare program. He said the school paid for the equipment, and his department provided the labor and installation. (b) He met the previous week with engineers involved in the Newcastle park project. He said the project is progressing and is on schedule to be finished by early-fall of 2011.

Inspection Services superintendent Robert Ryant - No report.

Public Works director Jeff Holliyan reported that the leaf collection service will end for this season on January 31.

Fire Chief Clint Doss thanked Councilor Tumlin for securing a \$1,000 grant from Allstate Insurance Company that will be used to purchase medical equipment in the fire and rescue service.

City Clerk Keith Mosley - No report.

Civic Center director John Brigham was not present.

OLD BUSINESS

BID OPENING: PAVING OF STREETS IN THE LEXINGTON PARK SUBDIVISION. Mayor Phillips opened the sealed bids that were received, as authorized by the council during the December 6, 2010, council meeting. He read aloud the bid amounts, as set forth on the attached "Exhibit B." Mayor Phillips said the bids would be reviewed by the Public Works department for compliance with the bid specifications.

NEW BUSINESS

IMPROVEMENT IN FIRE AND RESCUE SERVICES. Councilor Currington commented that a while back the council began talking about providing better and equal fire and rescue service to all Gardendale citizens. He then made a motion that the Public Safety Committee meet with the Fire Chief to determine the available options for improving the City's fire and rescue service. He said the City currently has one fire station and there are needs for additional locations. Councilor Harper seconded the motion. She added that one specific topic that needs to be addressed is the re-evaluation of the Building Code Effectiveness Grading Schedule (BCEGS) that the City received in July relative to a change in the ISO rating. There being no more discussion, the motion then carried by unanimous consent of the council members.

MEETING WITH OFFICIALS OF CENTURY RETAIL CORPORATION. Councilor Harper stated that the proposed Publix Super Market is expected to generate \$18,000,000-\$20,000,000 in annual sales; that these sales would generate \$720,000-\$800,000 in sales tax revenue; that the projected cost of demolition and construction is about \$16,000,000; that there has been a change in administrative personnel at Century Retail Corp., the owner of the Northgate Village shopping center where Publix is proposed to locate; that the contact person with whom the City has been communicating is no longer employed at Century Retail and has been replaced by

someone who is unknown to the City; and that Century Retail has a \$2,800,000 shortfall to obtain the necessary funding to begin the project. Based on these statements, she made a motion as follows: (1) That the mayor set up a face-to-face meeting to include the following attendees: The mayor, the newly appointed president of Century Retail's commercial division, Century Retail's chief executive officer Todd Maxwell, the chairman of the City's Finance Committee, the chairman of the City's Economic Development Committee, and other participants, possibly another council member and possibly the city attorney, as determined by the mayor; (2) That the meeting occur within the next fifteen business days either in Gardendale or in Lakeland, Florida; (3) That the purposes of the meeting will be to define any and all critical issues with regard to initiating the Publix project, to define how the City can facilitate these efforts and actively participate in the launch of this project, and to eagerly offer any needed assistance, including, but not limited to, offering gap financing, waiving permitting fees and licensing fees, and aiding in supplying any needed infrastructure and other needs that may develop out of the meeting; (4) After the meeting, the council shall be updated on those circumstances and be presented with a recommended course of action to move forward. The motion was seconded by Councilor Currington. Mayor Phillips said one correction needs to be made in Councilor Harper's motion, that the \$2,800,000 figure is not actually a shortfall but instead relates to the negotiated amount of down payment. There being no more discussion, the motion then carried by unanimous consent of the council members.

TRAFFIC SIGNALS ON FIELDSTOWN ROAD. Councilor Phillips said traffic signals need to be installed on Fieldstown Road at I-65 exit 271 and also at the intersection of Fieldstown Road and Shady Grove Road. He said this has been discussed in the past and is necessary due to the volume of traffic on Fieldstown Road as well as traffic coming off the interstate and traffic going to and from the Lexington Park subdivision. Councilor Phillips then made a motion that Mayor Phillips contact county and state officials to pursue having traffic signals installed at these locations. The motion was seconded by Councilor Currington. The motion then carried by unanimous consent of the council members.

Councilor Currington introduced and made a motion for adoption of Resolution No. 2010-55. The motion was seconded by Councilor Tumlin. Councilor Harper asked if this resolution includes any additions or deletions of banks compared to the list of banks that were authorized by the council at the beginning of the current term of office. City Clerk Keith Mosley said there are some additions due to bank mergers and new banks that have opened in the city during the past two years. He added that the resolution includes all commercial banks currently in the city. There being no more discussion, the motion then carried by unanimous consent of the council members.

Councilor Currington introduced and made a motion for adoption of Resolution No. 2010-57. The motion was seconded by Councilor Tumlin. Councilor Currington said the purpose of this resolution is to clarify how the revenues that will be received pursuant to Ordinance 2010-13 will be administered and allocated. Mayor Phillips asked how the allocations would be handled if the actual revenue amounts vary from the projected amounts set forth in the resolution. Councilor Currington said if the actual revenue exceeds the amounts in the resolution, then all of the revenue in excess of the amount required for the first item for that particular year will be applied to the second item. If the actual revenue is less than the amounts in the resolution, he said all of the revenue will be applied to the first item for that particular year and none will be available to be applied to the second item. There being no more discussion, the motion then carried by unanimous consent of the council members.

RESOLUTION NO. 2010-59: TO ACCEPT A BID FROM, AND AUTHORIZE AN AGREEMENT WITH, SOUTHERN SOFTWARE, INC., FOR LAW ENFORCEMENT SOFTWARE. Before the introduction of Resolution No. 2010-59, Mayor Phillips stated that the Police Department's current software contract ends on February 28, 2011, and the amount of the proposed new contract is within \$1,000 of the cost of the current contract. Councilor Harper then introduced and made a motion for adoption of Resolution No. 2010-59. The motion was seconded by Councilor Currington. There being no more discussion, the motion then carried by unanimous consent of the council members.
